

## Provisional timetable for Saturday April 2<sup>nd</sup> 2016

To be held at the North of England Institute of Mining and Mechanical Engineering

We have got to remember that this is a National event organised by NEGS for the GA

### ‘Geolab day’

09:30 Meet in Institute Library for coffee (NEGS )

09:45-10:15 Lecture Theatre, Introduction to Geology and  
Days Activities (NEGS/GA)

10:15-13:00 Geology Workshops (GA)

Materials and setting up of workshops (NEGS)

13:00-13:30 Buffet Lunch (NEGS)

13:30-16:30? Local Field Trip (NEGS)

This is only provisional until final word from GA that their national speakers for  
the workshops have been confirmed.

However **we need** to look at the possibility of a local field trip to introduce  
some of the concepts picked up from the workshops.
